The European Division

History

Starting with the chartering of the European mother club, the Civitan Club of Oslo, Norway, in 1969, all the first European clubs were organized as "Clubs at Large". During a period of great expansion, mainly thanks to the efforts of Einar J. Rustad, a lot of new clubs were chartered, and the European clubs formed a district, the European District, with their own Governor, Trygve Klinkenberg, in 1970.

The European District lasted for 3 years, and because of good contacts Civitan branched out into Germany and Sweden. Thus, the Civitan Club of Hannover and the Civitan Club of Stockholm became the mother clubs of their respective countries, and Edzard Dreesen and Åke Kjerrman became Civitan's national "founding-fathers".

In 1974, the European Districts were formed mainly as you find them today. Not surprisingly, you will find Einar J. Rustad as the first European Coordinator, and Christian Waage (Norway Southeast), Åke Kjerrman (Sweden), Gunnar Gregersen (Norway South) and Edzard Dreesen (Germany) as Governors. The European Coordinator was the leader of the European Federation of Civitan Clubs and the Council of Governors with an Executive Committee. He also represented the European Federation at the Board of Civitan International once a year, with voting rights only in European matters. The Federation had to pay half of the international dues collected in Europe to Civitan International. The other half was utilized as their annual budget, which had to be approved by the International Board.

The districts Norway North and Norway West were formed at the same time, but in the early 1980's these districts were not able to administer themselves any longer. This responsibility was taken over by the other Norwegian districts. Norway West was dissolved and Norway South took over the Civitan Club of Stavanger. Norway Southeast took over the Civitan Club of Bergen and the Norway North district. The Norway North district was never dissolved, only taken under new administration.

In 1974 general membership for women was approved at Civitan International's Convention, and as a consequence of this, the second female Civitan Club in the entire organization, the Gjøvik II club, was chartered in Gjøvik/Norway in 1975.

In 1986, at the International Convention in Oslo, the Federation was phased out and the European Division of Civitan International was formed. Thus, the Civitan International Constitution and Bylaws also became laws for Europe, and the European Coordinator became a Director at the Civitan International Board of Directors with all rights and privileges thereto pertaining. The European Division was now allowed to keep all the international dues in Europe in order to strengthen the European part of the organization. The International Constitution was also altered, now allowing the Europeans only to ask for deviations from the Bylaws. This was done in order to account for local cultural differences and to facilitate the acceptance of Civitan's ideas and policies.

1991 was a very special year. The European Branch Office was established in order to strengthen Civitan's identity, communications and public relations. Civitan started in Denmark with Civitan Club Sæby as the Danish mother club (member of the Norway South district) and in Hungary with 3 clubs and the Győr club as the Hungarian mother club. In 1992 this growth continued, and we got the Civitan Club of Moscow, the Russian mother club, Civitan Club Péterfalva, the Ukrainian mother club, and Civitan Club Iasi, the Romanian mother club. Civitan started in 1993 in Estonia with Civitan Club Rakke as the Estonian mother club (member of the Swedish district).

In 1993 the International Convention was arranged in Europe for the second time, this time in Hannover, Germany. At this event, the first European ever, Christian Waage, originally a charter member of the Oslo club, was elected International President Elect. That year, Europe also got another district, the Hungarian district, which is associated with the European Division. This district consists of clubs represented in Hungary. The clubs in the Ukraine and Slovakia (Civitan Club Pánorama, Chlaba, the Slovakian mother club, 1994) are associated clubs in the Hungarian District.

In 1997 the Norwegian districts united in order to have the possibility to operate on a national level. At the same time, the Swedish, Danish and Estonian clubs came under the administration of District Norway. This was supposed to continue until they feel strong enough to form their own national districts.

So, since Oct 1997, Civitan has been represented in 10 European countries gathering about 2200 members. The European Division is made up of 3 districts. The clubs in Romania and Russia are "Areas in Development". The districts arrange their district conventions and seminars each year in order to develop leadership skills at club and district levels. The clubs do mostly work in their local communities with volunteer "hands on" projects by giving aid to mentally and physically disabled and elderly people. Contact with Special Olympics and the Civitan International Research Center at the University of Alabama in Birmingham is of great value and has brought Civitan to many new communities around Europe.

Since Oct. 1999, the Estonian clubs are no longer associated to any district, but have become part of "Areas in Development" under the European Division with the European Liaison as contact person. In July 2000, the International Convention was arranged in Europe for the third time, this time again in Oslo, Norway. At this event, Eva E. Wilhelmsen from Civitan Club Ski, Norway, was the second European, and the first European lady ever, to be elected International President Elect. Eva E. Wilhelmsen was installed as International President at the 2001 International Convention in Jacksonville, Florida.

In order to further improve communication between the Middle and Eastern European Civitan Clubs and the rest of the European Division, in 2001 Éva Csaba from Hungary was appointed General Secretary for Middle and Eastern Europe. The same year, District Hungary was granted full voting rights, except for economical matters, within the European Division. From Oct 1, 2001, the Danish Civitan Clubs have been gathered in an area of their own, Area 55.

June 15, 2002, the first Civitan Club worldwide for young people between 20 and 40 years, CiviYoung Oslo, was chartered, and on April 24, 2003, District Hungary followed up with their first CiviYoung Club, Új Generáció, in Szeged.

In 2003, the clubs in the Norwegian Areas 30 and 40 were gathered in a new Area 30/40 and two former Area-30 clubs, Hadeland and Ullensaker Siv were transferred to Area 20.

Starting Civitan Year 2003/2004, the European Division was given full administration right over all European Civitan Clubs, also those in Areas in Development. This right includes also the right to decide on building of new clubs outside the existing European Districts.

In the course of Civitan Year 2005/2006, all three European Districts were granted the right to follow the calendar year. Consequently, starting with 2006/07, the District and Club Boards for Hungary, Germany and Norway in this Directory will be updated in January and are valid until December 31.

On May 14, 2010, Europe's first Campus Civitan Club, the Premo Primisszima Civitan Klub, was chartered in Zsámbék, Hungary

On March 16, 2012, the first Italian Civitan Club, the Civitan Club Roma Tevere, was chartered, and Carmelo Cutuli was appointed General Secretary for Civitan in Italy.

On April 1, 2015, the first Swiss Civitan Club, Civitan Club Zürichsee, Rapperswil Jona, was officially registered with the Swiss Authorities. For the time being, the club belongs to the German Civitan District.

On September 24, 2015, Civitan Club Niš, Serbia, was chartered, and with that, yet another country was added to the European Civitan family.

On May 21, 2016, the Civitan Club of Seine et Marne, France, was chartered as the first Civitan Club in France,

The Civitan Creed

I Am Civitan: as old as life, as young as the rainbow, as endless as time.

My Hands do the work of the world and reach out in service to others.

My Ears hear the cry of children and the call throughout the world for peace, guidance, progress and unity.

My Eyes search for others to join in the fellowship and service of Civitan.

My Mouth utters the call to daily duty and speaks prayers in every tongue.

My Mind teaches me respect for law and the flag of my country.

My Heart beats for every friend, bleeds for every injury to humanity and throbs with joy at every triumph of truth.

My Soul knows no fear but its own unworthiness.

My Hope is for a better world through Civitan.

My Motto: builders of good citizenship.

My Belief: do unto others as you would have them do unto you.

My Pledge: to practice the Golden Rule and to build upon it a better and nobler citizenship.

Civitan International

Mission Statement

“To build good citizenship by providing a volunteer association of clubs dedicated to serving individual and community needs with an emphasis on helping people with developmental disabilities.”
